Hampton College

5 June 2026

Dear Parents and Carers,

Re: Y6 Passport to Celebration Week

As we enter the final term of your child's primary school journey, I wanted to share with you an initiative we have launched this week to motivate the children in their final term of year 6, before they begin their transition to secondary school. As you are aware, Y6 SATs week was 11th - 15th May, and for some children they see this as the 'end of year six', however there is still much more to come before the end of term, including teacher assessment of children's writing, 'Transition to secondary school' activities, the 'Fiver Challenge', a Y6 production and Celebration Week.

Celebration Week itself is the final week of term. Along with activities planned for the children by school staff e.g. the leavers' BBQ for children and their families, the children are also able to choose activities themselves which are funded by their profits from their 'Fiver Challenge' projects (further information about this will be sent home later this term).

Passport to Celebration Week

During this term, our children will be rewarded with credits on their 'Passport to Celebration Week' by demonstrating the Hampton College Primary PROUD values in school. Each time they earn a credit, a member of staff in school will sign their passport. Those children who earn at least 30 credits over the next eleven weeks will then be rewarded with full participation in Y6 Celebration week at the end of term. Examples of how to demonstrate these PROUD behaviours are shown below.

Examples of how to earn credits … at least 30 credits needed for full participation in Y6 Celebration Week

Partnership	Respect	Ownership	Understanding	Determination
Excellent attitude to learning Sustained effort Focused learning Exemplary behaviour at break and lunchtime	Showing respect to adults Showing respect to peers Engaging in respectful interactions with others	Taking responsibility for my own learning by demonstrating effort Learning from previous poor choices Respecting my learning environment	Respect school boundaries and show excellent behaviour in the classroom and around school Be determined to make positive choices at break and lunchtime	Showing perseverance with my learning Overcoming difficulties Remaining positive through adversity Doing my best… always

Amber pathway	Red pathway
3 strikes = 1 lost activity in Celebration Week	2 strikes = 1 lost activity in Celebration Week
Signed / Signed / Signed	Signed / Signed

For the minority of children, whose poor choices mean they are given an 'amber' or 'red' consequence, this will be recorded on their passport on the amber or red pathway. For these children, 3 occurrences of amber behaviour or 2 occurrences of red behaviour will result in them losing an activity from Celebration week, as a consequence of their poor behaviour.

Head of School (Primary Phase): Paul Jones Head of School (Secondary Phase): Alex Ford

The Passport to Celebration Week will be launched in a Y6 assembly next week, in which we will also be exploring overcoming adversity and challenges and motivating ourselves to always do our very best.

Hot Chocolate with the Head

As part of the process of achieving credits on their passport, each week eight children from Y6 will be nominated by their class teacher to enjoy a Friday 'hot chocolate with the Head' session with me to reward them for their hard work, commitment and dedication that week. We are sure the children will enjoy this treat, which gives them an opportunity to celebrate their hard work and excellent behaviour.

We really appreciate your support, as parents and carers, in celebrating our children's motivation, commitment to learning and positive behaviour in school during this final term. If you have any questions or queries, please do not hesitate to contact your child's class teacher or the school office.

Yours sincerely,

Mr P Jones
Head of School (Primary Phase)
